Along the scenic Muskingum River, just four miles south of McConnellsville, Morgan High School is located. Since its opening September 1, 1966, Morgan has provided a unique concept in that it provides facilities in one location for all students of high school age throughout the county.

Designed for a student enrollment of approximately one thousand, Morgan is comprised of thirty-five classrooms which handle students in grades nine through twelve. Although originally planned as a high school only, the addition of a vocational building has proven very beneficial to the facility.

1. Morgan High School.
2. James L. Zechiel, Principal.
3. School's Out!
4. Bench presented by the Class of '83.
5. Pre-school recreation.

The vocational programs offered have provided those students wishing to pursue careers immediately following high school with numerous occupational opportunities.

The school site occupies an area of 52.23 acres with the buildings covering 124,000 square feet. Original construc-

tion costs surpassed 2.5 million dollars; however, this has proven to be a small price to pay in return for the building of one of the most complete schools for secondary education in Ohio.

Since its opening almost twenty years ago, Morgan High School has provided an atmosphere conducive to

learning. The personal attention of faculty members has enabled numerous students to establish a foundation upon which to build their educations. It can therefore be realized that this nationally accredited institution of learning has established a new educational era in Morgan County.

A PLACE TO WORK . . .

Because we presently live in the late Twentieth Century, the importance and necessity of developed work habits continues to increase. In the absence of such habits, job security and educational advancement remain unlikely. It is for this reason that the im-

portance of work is emphasized here at Morgan High School.

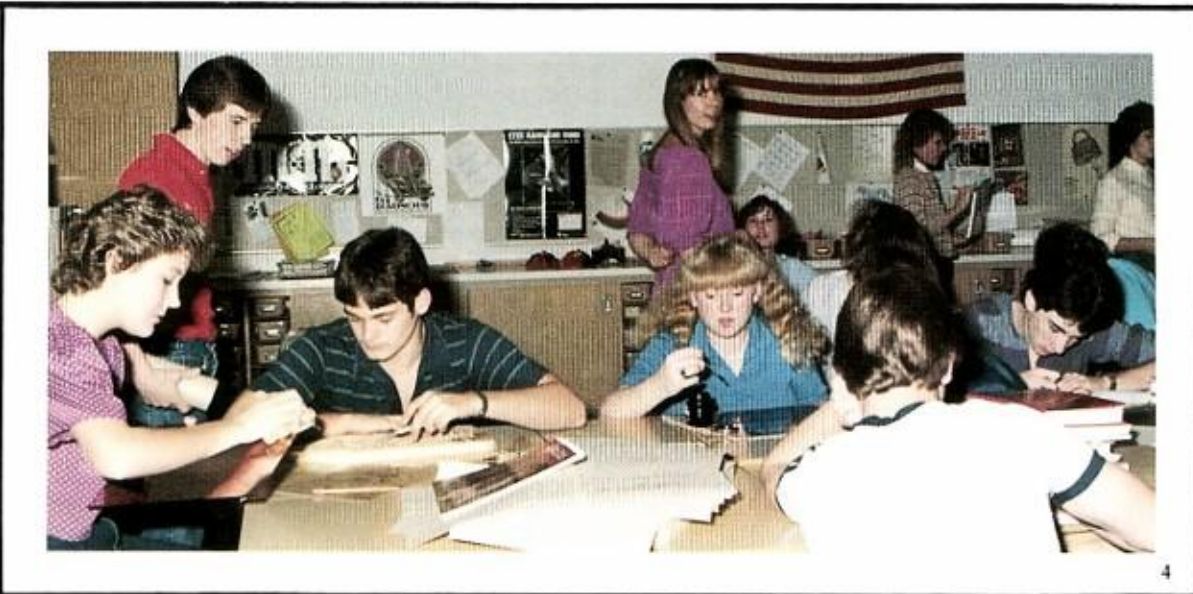

A definition derived from any dictionary clearly expresses that WORK signifies an exertion or effort directed to produce or accomplish something. As is also expected of an individual in

this world of change and struggle, work is an essential requirement of those wishing to succeed while attending Morgan. Students here realize that such efforts increase skills and learning potential.

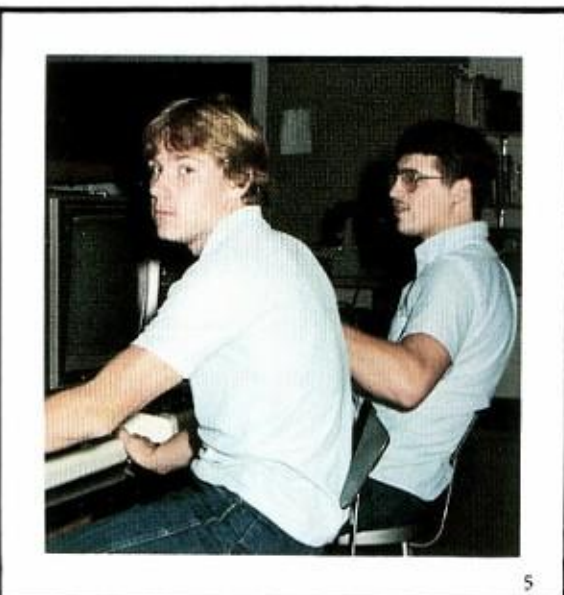

Work not only requires effort, but

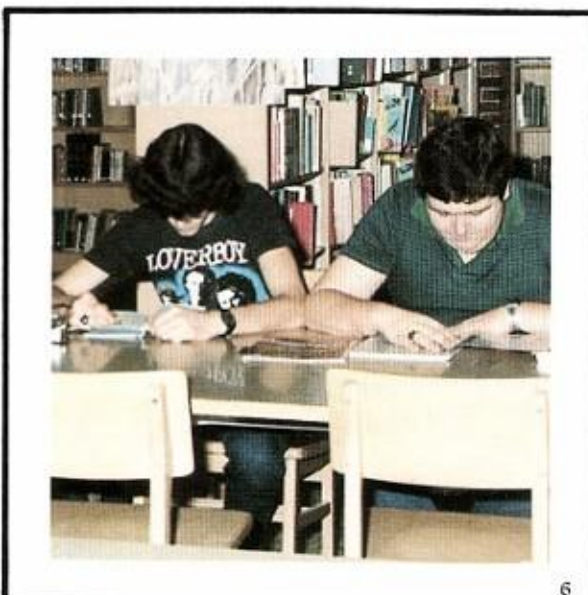

2

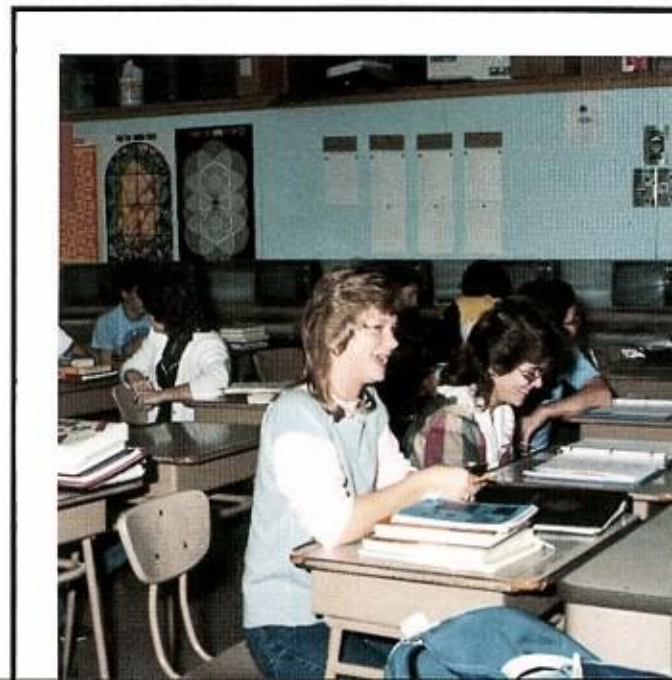

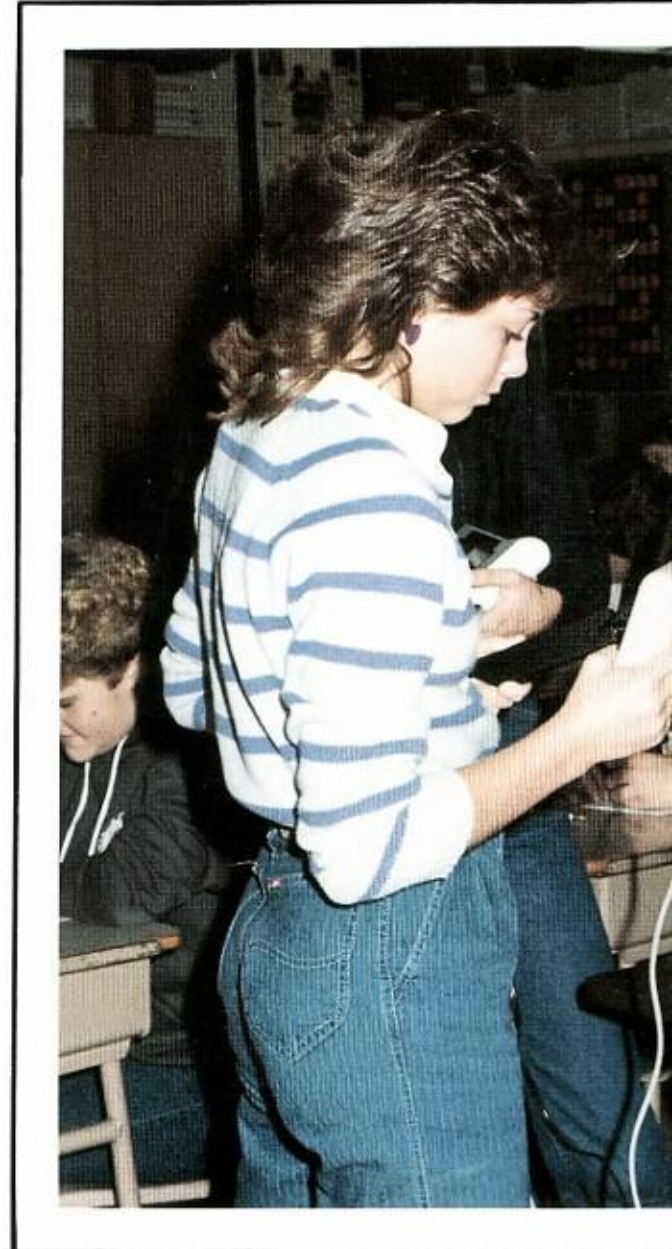

4

5

6

also willingness on behalf of the individual student. The Morgan staff works to provide the incentive needed to stimulate greater willingness. In the classrooms and work environments the personal attention and guidance of faculty members assist the student in

developing a more positive work attitude. Once this attitude has been established, the individual can serve as a more functional part of today's working society.

Personal attention and productive work environments serve as the pri-

mary basis for the formation of improved work habits and ultimately future success. So, in times of rapid change and advancement, Morgan High School remains the place to develop effective work skills.

The 1984-1985 Morgan High School Band had a victorious year. The band marched in performances under the direction of Mr. Kidd. The band, during marching season, had sixty-two instrumental, seven flag corps, five majorettes, feature twirler Tracie Foster and field commander David Gallimore.

On August 11, the band conducted a marching performance around the Ohio State Fair grounds. Tracie Foster performed in the Ohio State Fair Band as one of two feature twirlers during the 1984 Ohio State Fair.

In the fall months, contests were attended. The band received third place

the Marietta Band-O-Rama.

Senior show was conducted and produced by the 1984-1985 Seniors. A lights-out show was performed and was a success. The seniors played the Alma Mater for their final performance on the field.

Pep band consists of twenty-five in-

strumental members playing for basketball game entertainment.

Concert band travelled to contests throughout the winter months with seventy-five playing members.

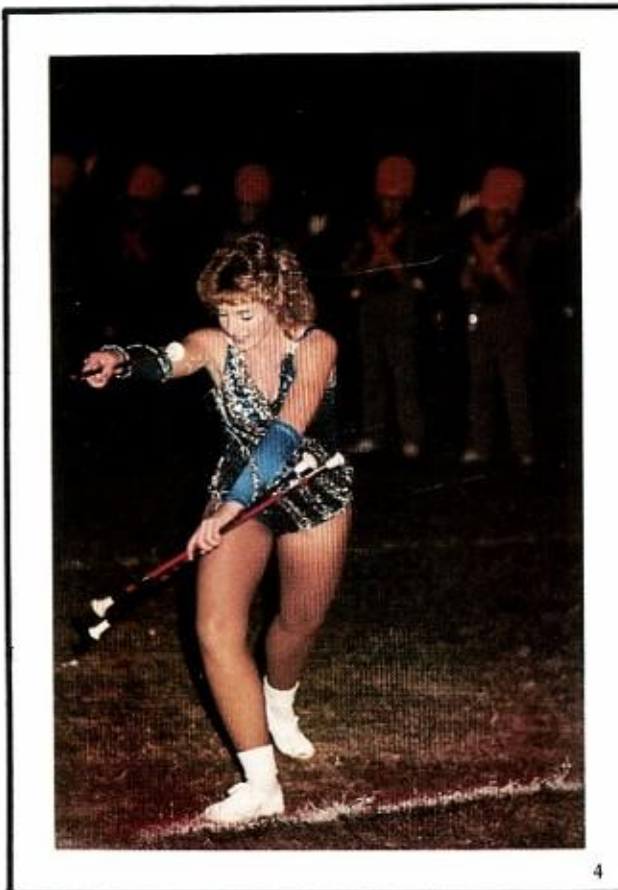

Greg Flood and Melissa Starling were nominated to the 1984 All-American Band.

A PLACE TO EXPERIENCE . . .

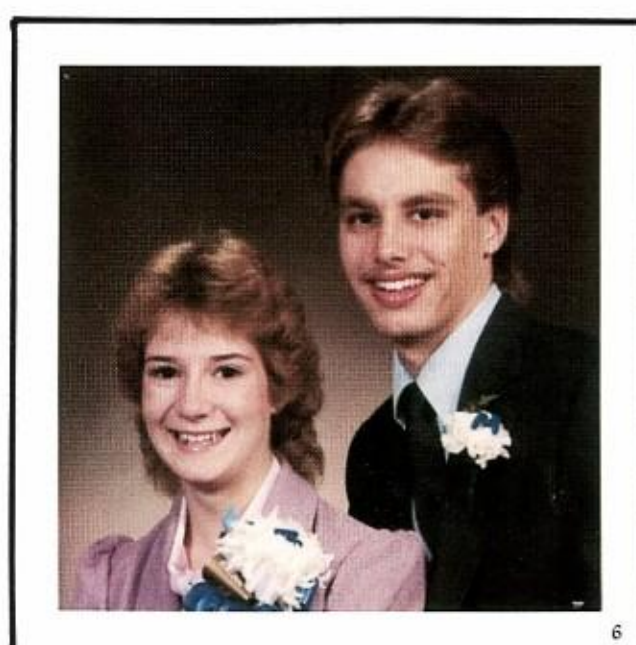

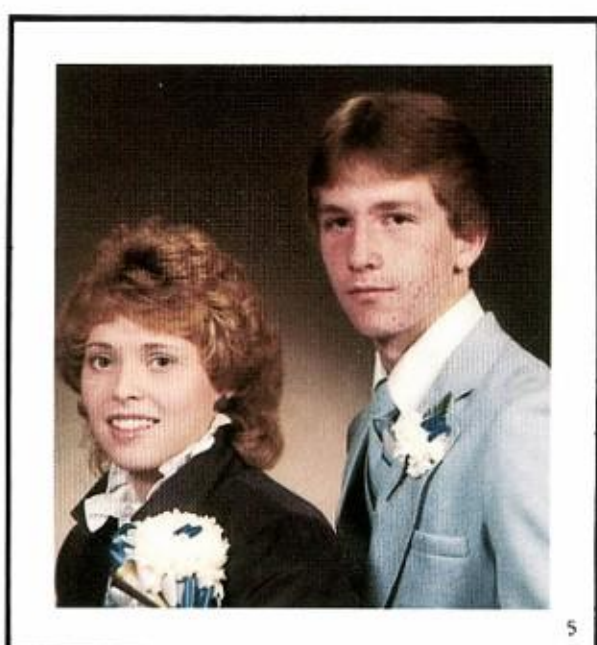

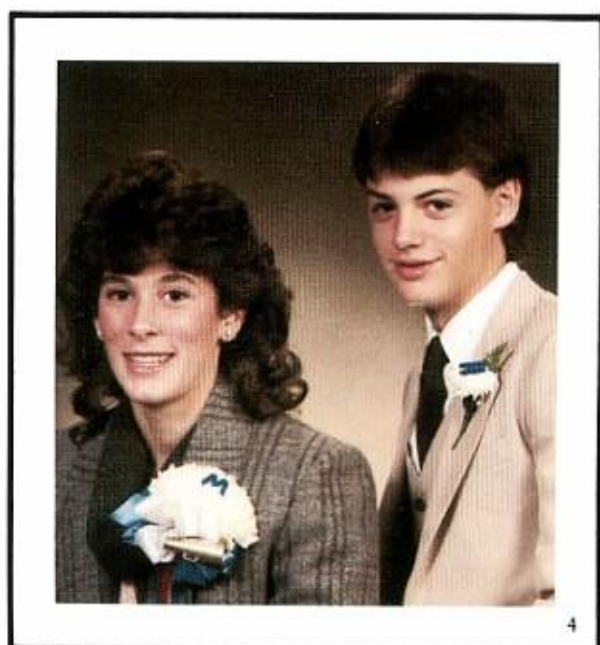

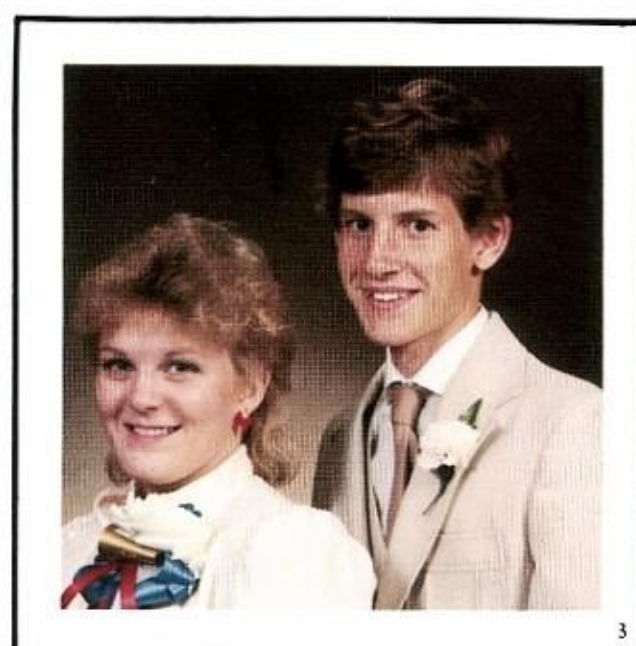

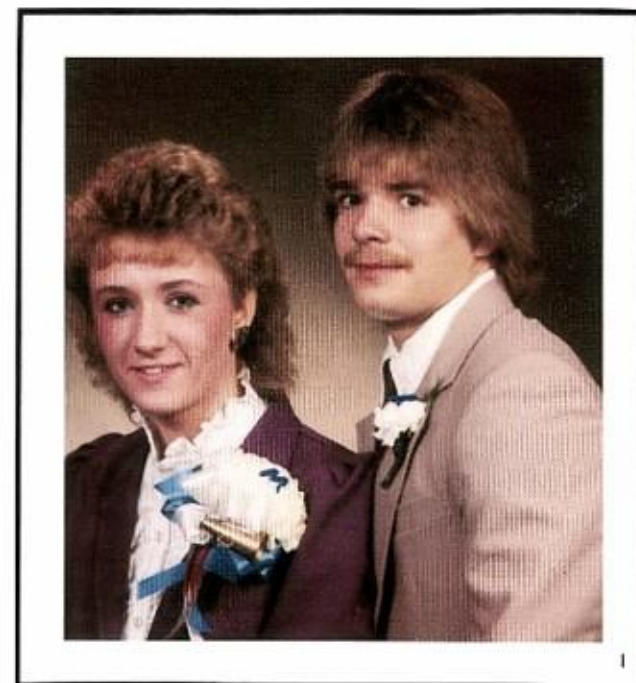

It was a cool October morning and a feeling of anticipation encompassed the school. As the school bell began to ring on October 1, so also began the week of homecoming festivities. Throughout the week, students and staff displayed school spirit and allegiance. While passing through the halls, one could see many Raiders wearing decorative hats and multicolored bandanas. (It was rumored that one student wearing a total of fourteen colorful bandanas was sighted.)

As the final days preceding the game arrived, the excitement continued to increase. The school spirit warmed as many attended the bonfire at the athletic field. More celebration followed as all joined hands, formed a lengthy, human snake, and proceeded to dance through the streets.

Finally, the long awaited homecom-

ing day arrived. The school hallways appeared as a collage of blues and grays, as numerous people proudly exhibited the school colors. Near the end of the day, many gathered in the gymnasium for a pep rally and final display of devotion. Across the floor lay the results of the spirit chain contest — the Seniors claiming a proud victory.

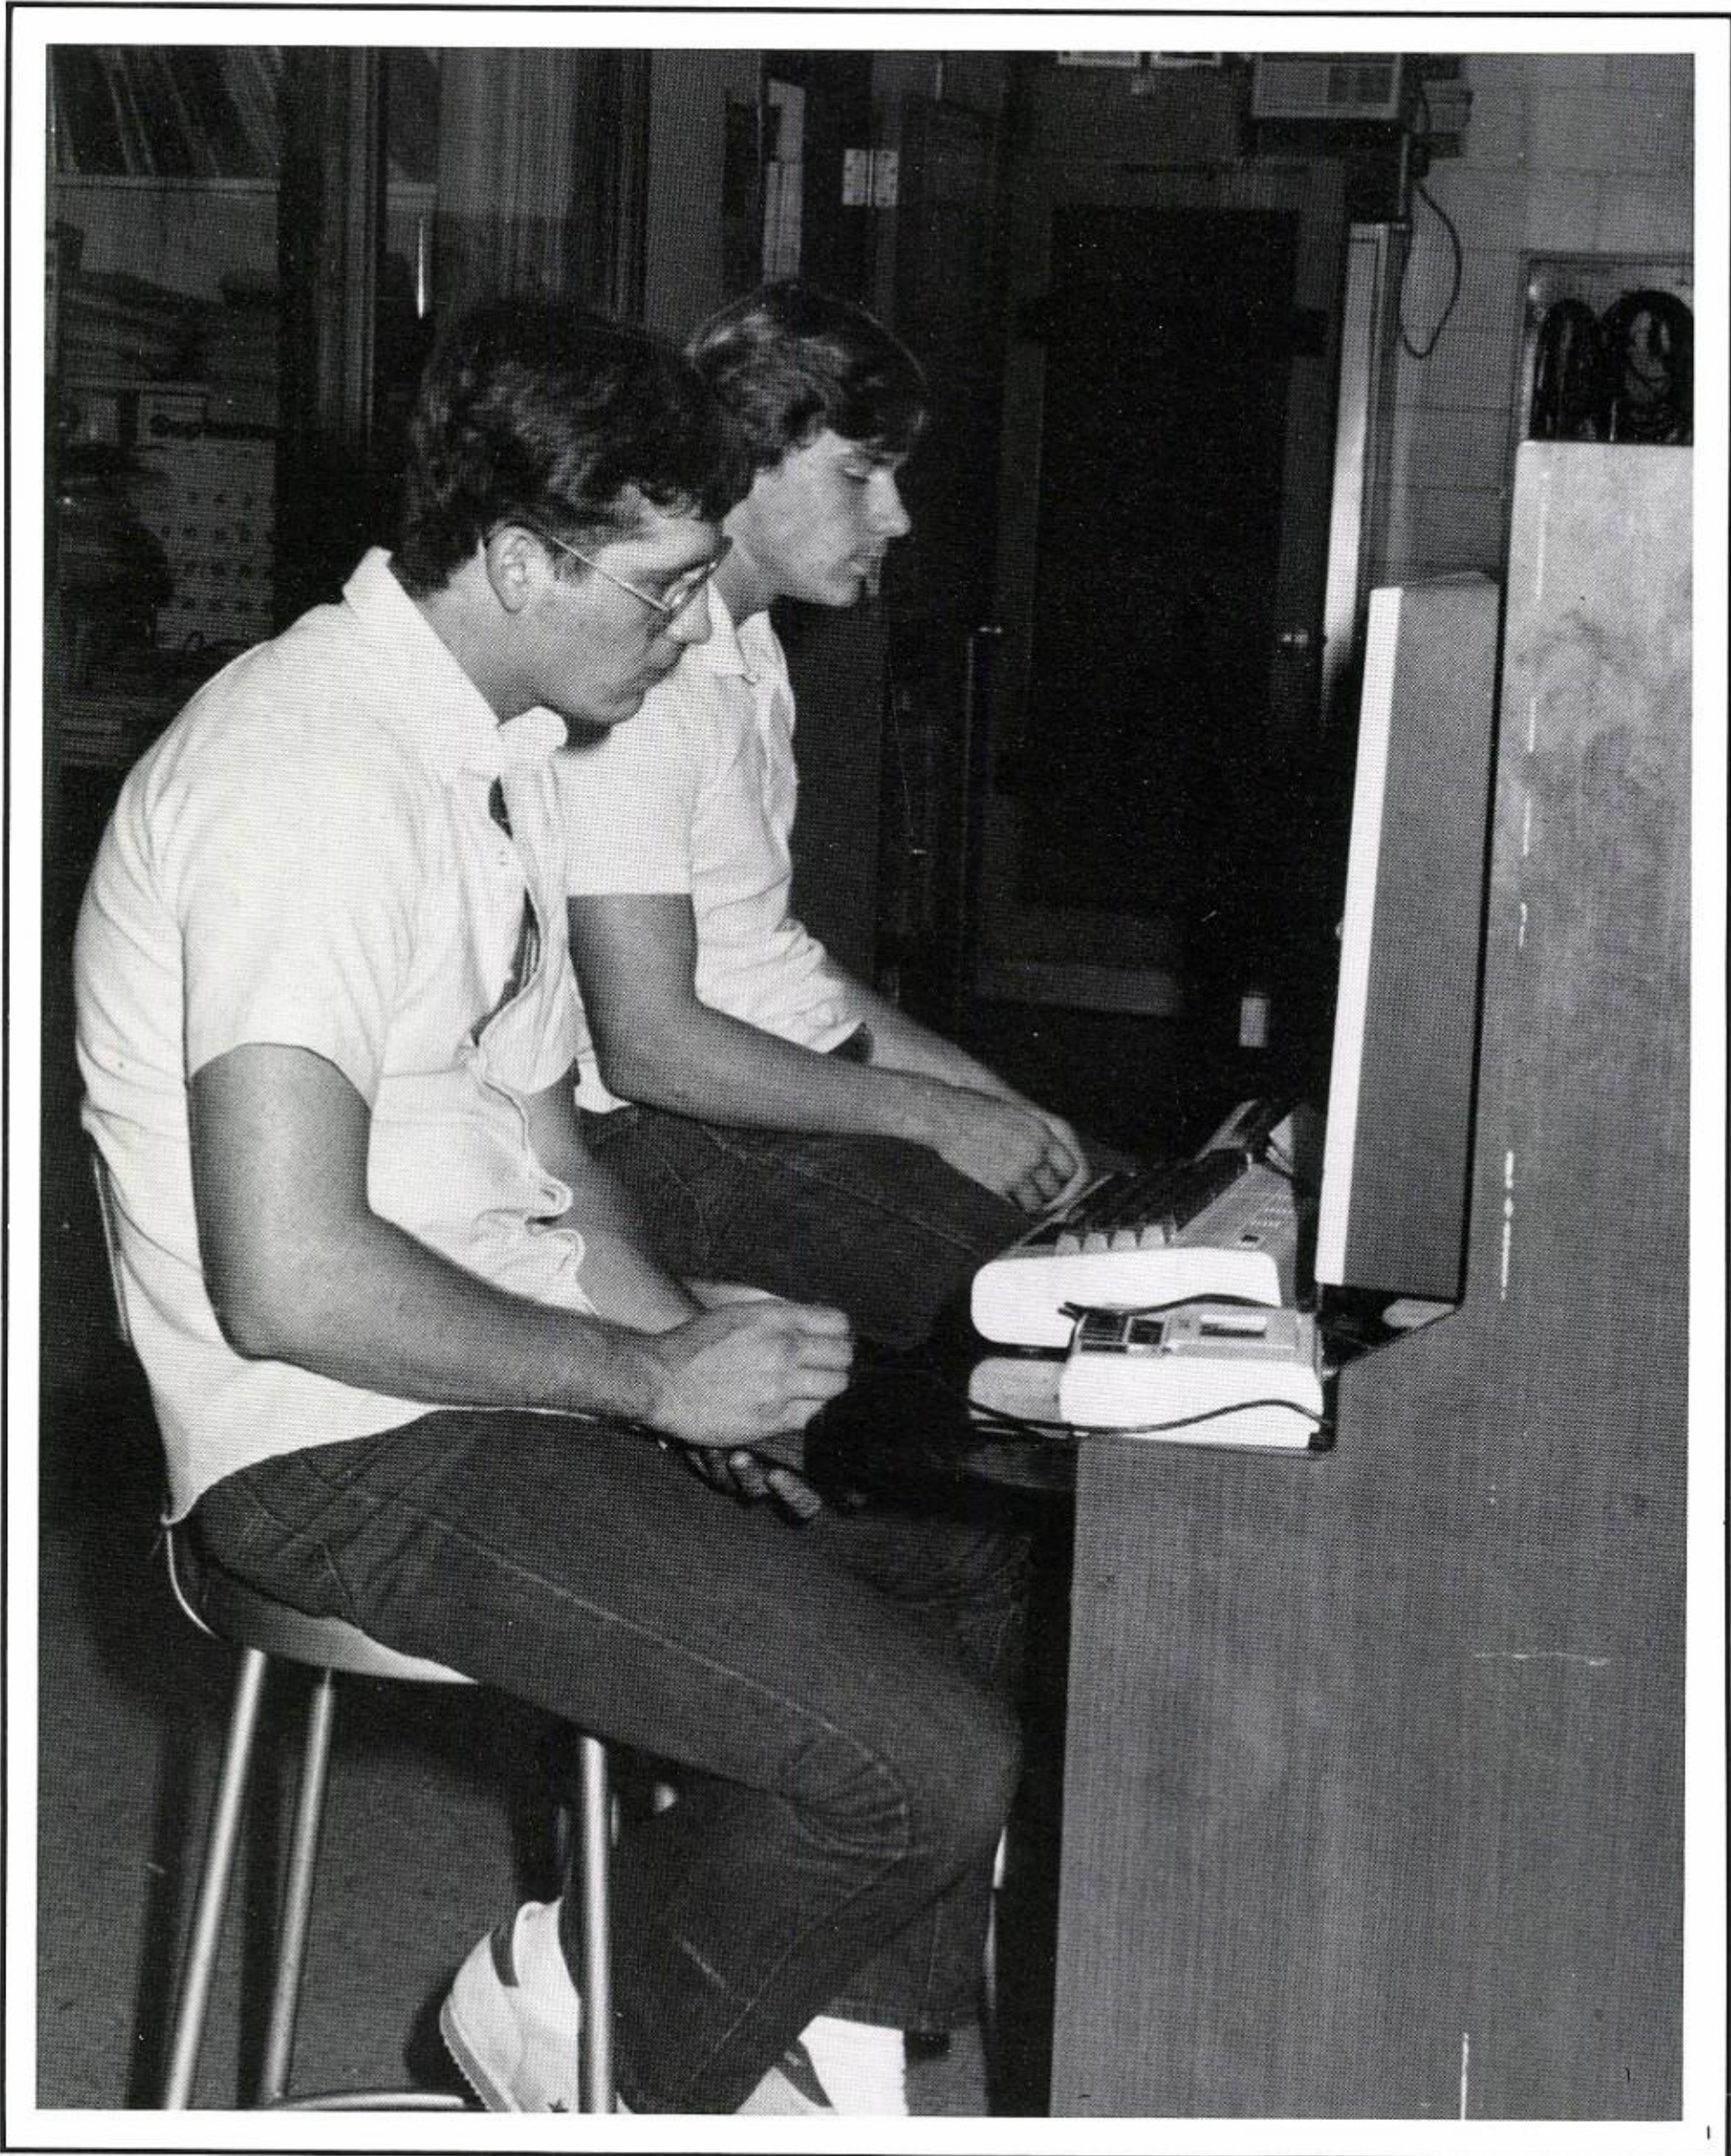

Time progressed and many assembled to witness the homecoming presentation. As the band set the mood, the floats and homecoming attendants and escorts captured the audience's attention. Cheers of support then escalated as the members of the football team stepped onto the field. Even though a chilling breeze penetrated the air of that October evening, a feeling of warmth radiated from the hearts of those who proudly called themselves "Raiders."

A PLACE TO DEVELOP

Morgan High School serves to offer academic, professional, and social development to all those who attend. Within the academic area of Morgan, the faculty works to prepare students for higher levels of education. Students are able to pursue their own interests whether they be art, music, computer science, business and office education, or firm college preparatory studies.

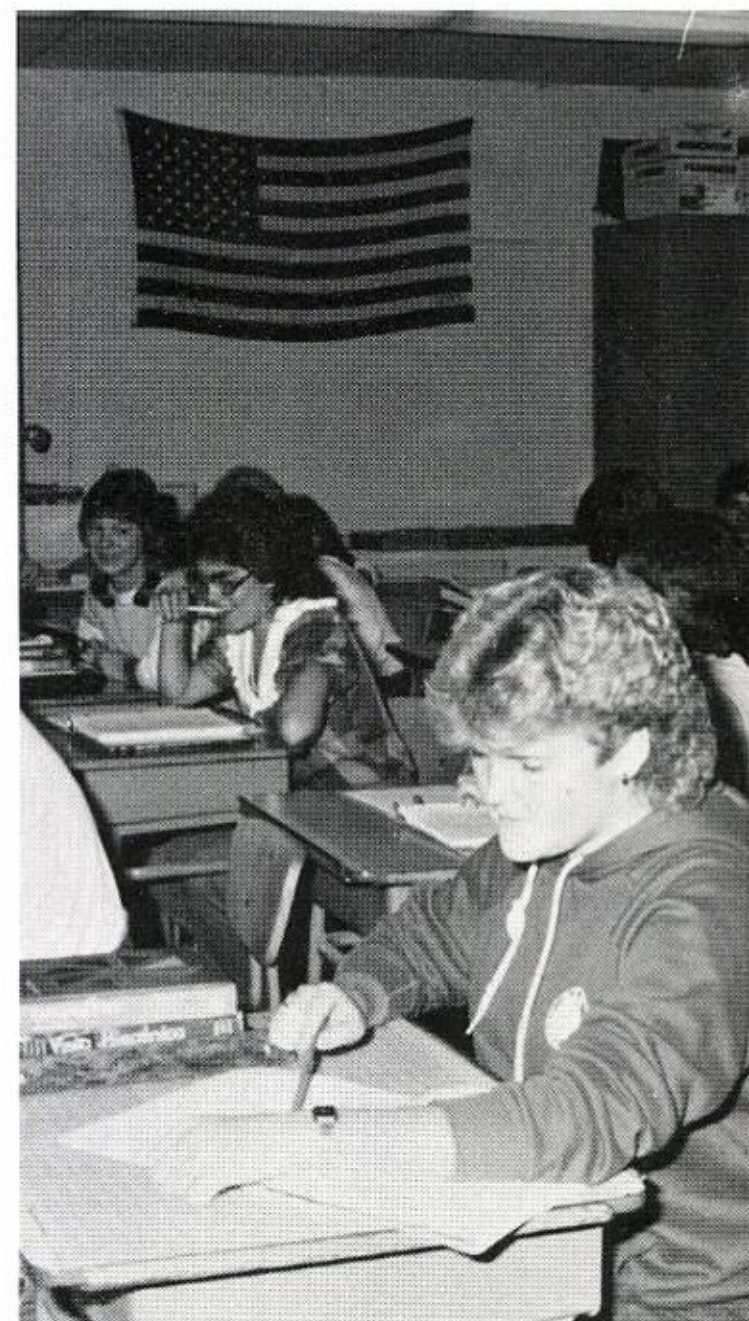

For students wishing to pursue a ca-

reer or further technical education immediately following high school, Morgan's vocational building and its trained faculty assist the individual in developing the necessary skills.

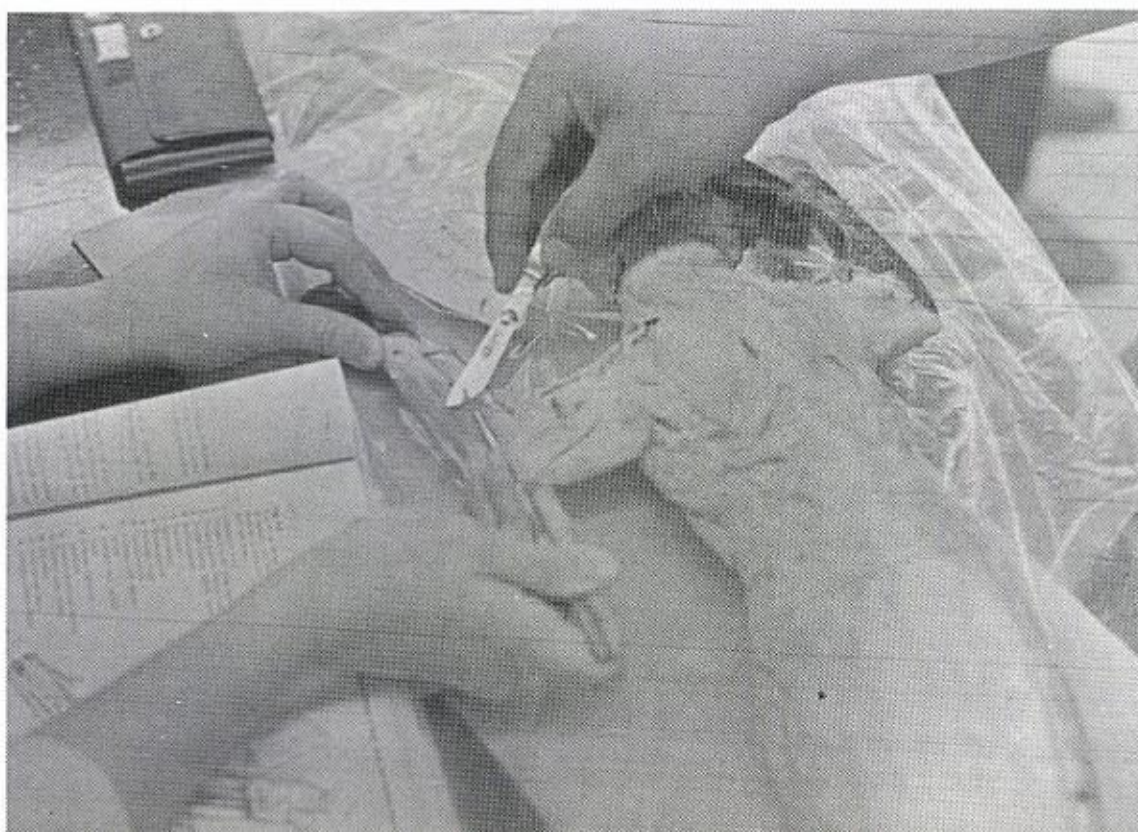

Morgan has become a place to develop. Students can develop the personal and professional goals which are of great importance in the life of every individual while taking advantage of opportunities to learn more about specific fields of interest.

A PLACE TO SHARE . . .

When the first part of September rolls around each year, Morgan County comes alive! It is during this time, that the annual Morgan County Fair takes place.

Many citizens of the county attend the fair each year. There are games, rides, races, tractor pulls, and a demolition derby in which to participate or just watch. Many come to the fair to see old friends and neighbors.

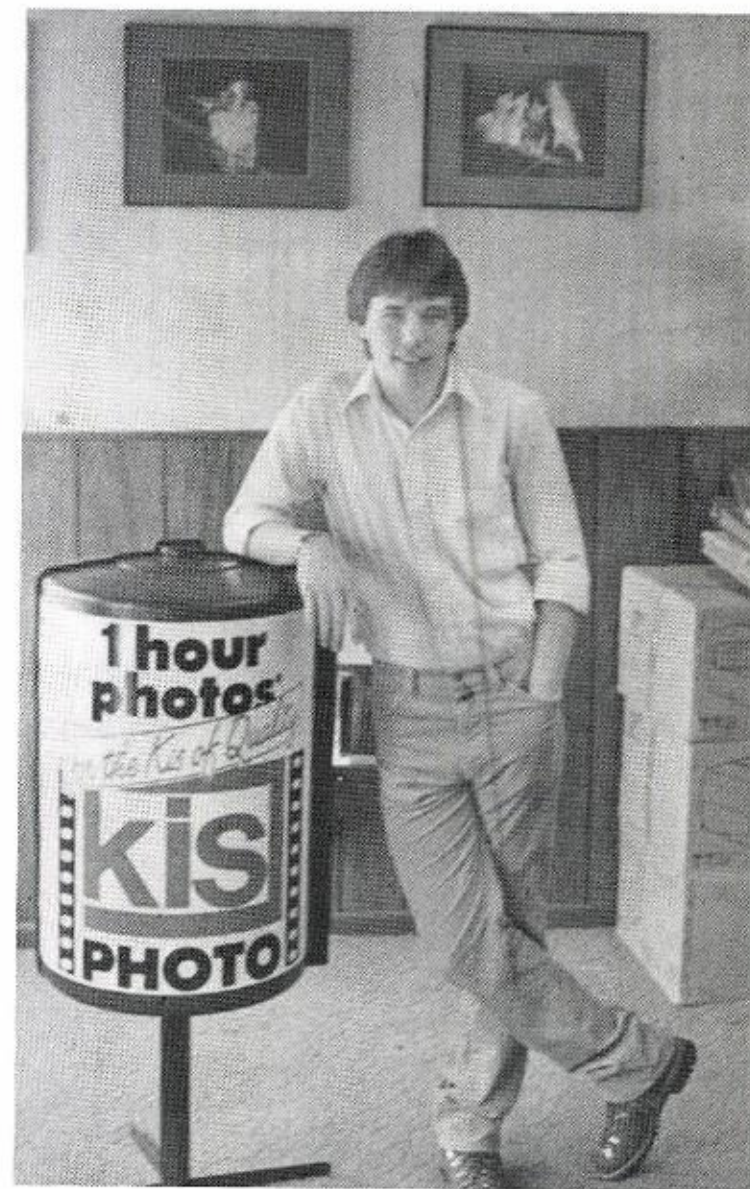

The Morgan County Fairboard does a lot to display the youth's talent and accomplishments through groups such

as 4-H, FHA, FFA, and Scouts at the County Fair each year.

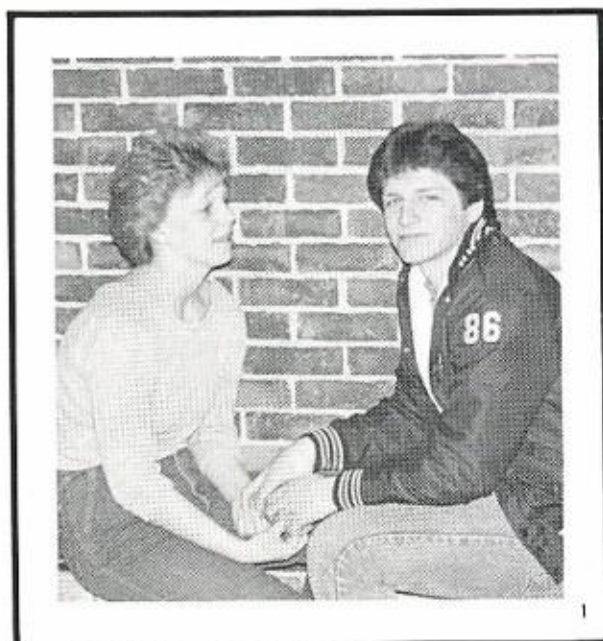

The Morgan County Fair, for example, is based almost entirely on the youth of Morgan County.

Many business organizations in Morgan County are concerned with the welfare of its schools, and their students.

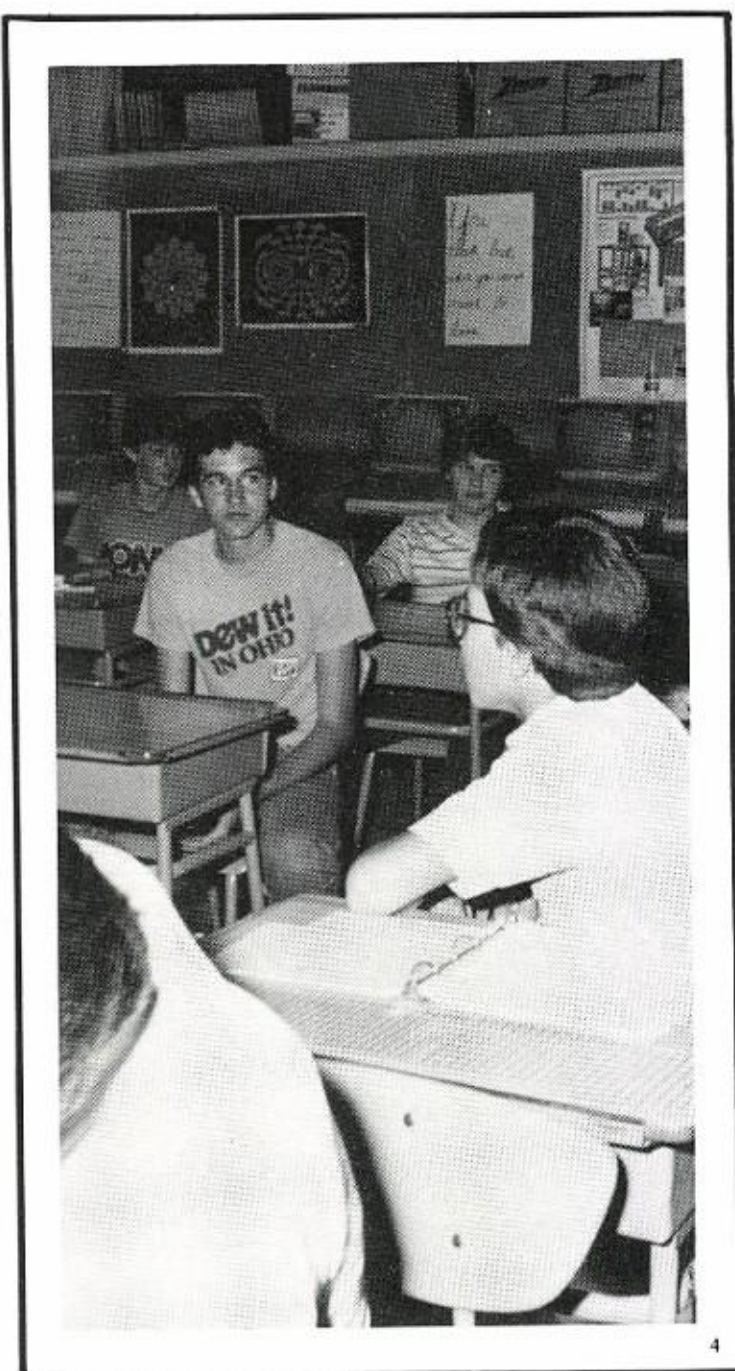

These same patrons who support the school and its activities during the fair also support teen-agers throughout the year by hiring them as part-time help in town after school, and on weekends.

A PLACE TO DREAM . . .

When one sleeps, the physical body may remain virtually inactive; however, the mind never ceases to perpetuate. This mental activity is commonly known as the dreaming process. Dreams are not only a factor of sleep, but also a very important part of an individual's waking hours. In reference to the waking hours, the act of dreaming takes on a very different connotation. The word dream can then signify an aim or goal.

At Morgan High School, the necessary incentive, opportunity, and guidance in reaching dreams, is provided. Well informed faculty members furnish the encouragement needed by individual students while the school itself offers a wide range of applications to academic and vocational work. Within its own boundaries, Morgan becomes a place to dream and learn how to make those dreams come true.

A PLACE CALLED MORGAN HIGH . . .

On June 25, 1965, ground was broken for what was soon to be the home of the RAIDERS: Morgan High School.

Thanks to the Morgan Local School Board, consisting of Mr. Bryant Hook, Dr. Henry Bachman, Delmar Glenn, Jack L. Grubb, and Doris M. Powell, the consolidation of six

high schools took place. These schools included M & M, Marion, Windsor, Manchester, York, and Pennsville.

The plans for Morgan High School started taking shape in 1955, when the state said that no existing high school met qualifications for college. A ballot for a bond levy to build

a high school was put out in 1956, but failed on two attempts. Finally, in the spring of '64, the levy was passed. Bonds were sold, and the high school was built, with the T & I building being built later by use of a grant. In the spring of 1967, graduation was held for the first senior class of Morgan High School.

EXCHANGE STUDENTS

Nina Skammelsrud

1

In August of 1984, Nina Skammelsrud, an exchange student from Norway, arrived at Columbus Airport and was warmly greeted by her American hosts, Mr. and Mrs. Jim Davis of McConnellsville. Nina is from Moss, Norway, a coastal city of approximately 26,000. She resides with her parents and one sister who is nineteen. An additional member of the family is Nina's pet rabbit, Bernie.

At her home in Norway, Nina enjoys English horseback riding and downhill skiing. While in America, Nina has been actively involved in the girls' volleyball and basketball teams.

In her spare time, Nina enjoys dancing, shopping, and says that she loves Trivial Pursuit. An additional passtime, Nina says, is eating American food. McDonald's Big Macs, Fritos corn chips, and pizza are just a few of her favorites.

Because of her personality and good sense of humor, Nina has made many friends at Morgan. When asked what she thought of Morgan, Nina replied, "I like the school system. The teachers and everyone have been really helpful. I've enjoyed my stay and hope to return someday."

After graduation, Nina plans to travel to Myrtle Beach with the Davis family. Her expected return to Norway is scheduled for sometime in early July.

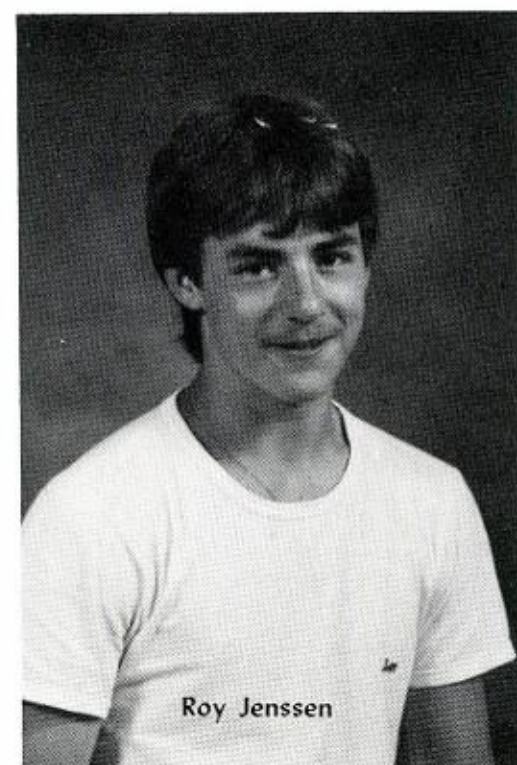

Roy Jenssen, a foreign exchange student from Norway, came to the United States in August of 1984 and has been residing at the home of Mr. and Mrs. Carl Dodrill of Malta. According to Roy, he became involved in the exchange program to try U.S. sports, to learn English better, and to have a new experience.

Roy is from Narvik, Norway — a city of almost 40,000. There, he lives with his parents and two younger brothers, twelve and fifteen. At Storjord Skole, his school in Norway, Roy enjoyed being a member of the soccer and cross-country skiing teams while playing an active role in student affairs, president of Student Congress.

Because of his enthusiasm for sports, Roy has actively participated in several of Morgan's athletic programs. He has lettered in football and wrestling, and is currently on the track team. In addition to athletics, Roy is a member of the Spanish and Study Clubs, and was recently inducted into the National Honor Society.

Over spring break, Roy traveled with a Morgan Spanish group to Mexico. In addition to traveling, Roy enjoys hunting, fishing, camping, and dancing. He adds that eating at McDonalds is one of his favorite passtimes.

When asked to comment on his stay, Roy replied, "I will miss all of the good friends I've made here. Everyone has been really nice and I will be back one day."

Roy Jenssen

2

Ashild Saetren

3

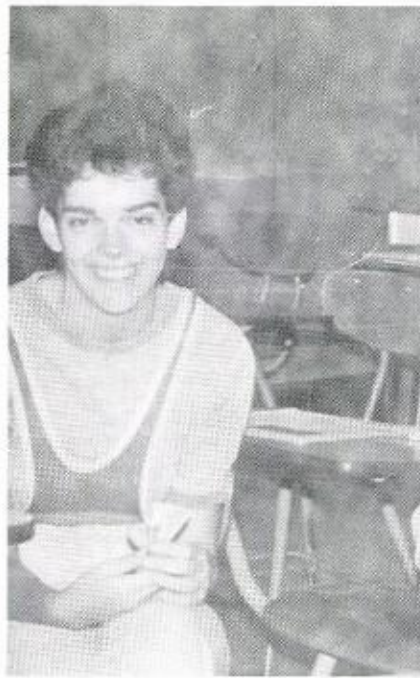

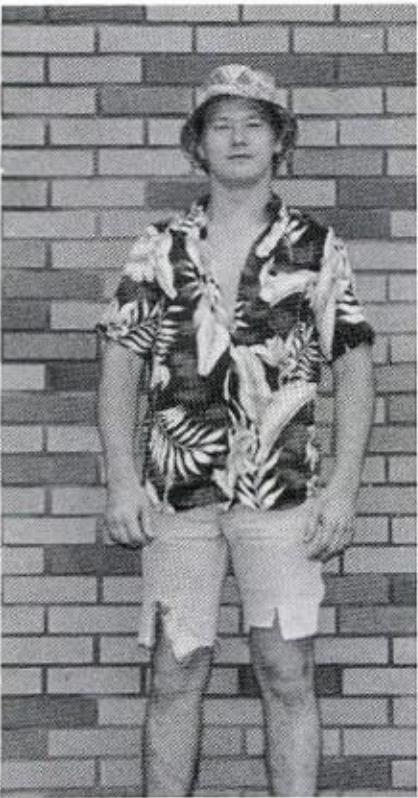

Ashild Saetren was a foreign exchange student from Stryn, Norway. During her stay in Morgan County, she lived with Mr. and Mrs. Dana Carley.

Ashild was an academic student at Morgan. Her classes included Algebra I, health, physical education, Home Economics II, Art II, and history and government. She was on the cross-country and track teams, and the FHA and Art Clubs. Her hobbies include sewing, cross-country skiing, and orienteering.

When asked what she thought about America, Ashild replied, "It's great even though it is a lot different from Norway. I think the people here are very friendly and they made me feel welcome at all times. I enjoyed staying with the Carley's and making new friendships."

Ashild is leaving for Norway at the end of June.

PEOPLE TO REMEMBER . . . SIGN HERE

To a really nutty person
I met last, + a really good
friend to stick up for me.
Stay cool + keep partying
hartying. Good-luck in
the future + with the guys. :)

Love ya (o.n.o)
Joan

Steph,
one crazy girl
who has one powerful
punch! Stay as crazy
as you are and you'll
make it. Good luck in
everything you do.
A friend always,
Bonnie

To Steph
A very nice girl that I know
stay faithful in the Lord and
you'll go far! Love ya
Arlene

To Stephanie,
One of my favorite
"country girls". Stay as
sweet as you are and
remember you always
have a friend!!!
Love ya much,
Mary

To Aaron's Sissy Steph!
Hang in there
computer whiz! Hope
you find something you
can beat me at.
Find a nice Christian guy.
Moon
Goni
